

inspHire Express

The fastest way to grow your rental business

At-a-glance review

What is it?

inspHire is a tailored edition of our most popular rental management package that's specially created for businesses like yours. Cleverly designed to get you up and running instantly, it's really simple to use and works with standard Windows-based PCs.

Who's it for?

It's ideal for smaller rental companies and single-site users looking for a first software package to help them get organised.

Introducing inspHire Express

Need a hand? If you're a small business looking to get a foothold in the market or you're nicely established but want to move things on a bit, then our Express software package could well be what you're looking for. We know just how much work it takes to set up and run your own business - we've been there. Time's short, the budget's precious and there isn't an awful lot of room for errors.

We want to help which is why we created inspHire Express

1. Value for money

One price. No hidden charges and no 'prices starting from...' Just one simple package all boxed up, ready to go and with an asterisk-free price tag. It'll run on your normal PC with your standard Microsoft Windows operating system.

2. Easy to use

Who has time to digest doorstep-sized instruction manual? Once you've loaded Express onto your PC (very easy to do), there's a step-by-step tutorial video to ease you in - then away you go. Although there are lots of functions, we've made them intuitively simple. Basically, if you can use a PC, you can easily use inspHire Express. It comes with three free support calls and from there you simply pay for support if or when you need it.

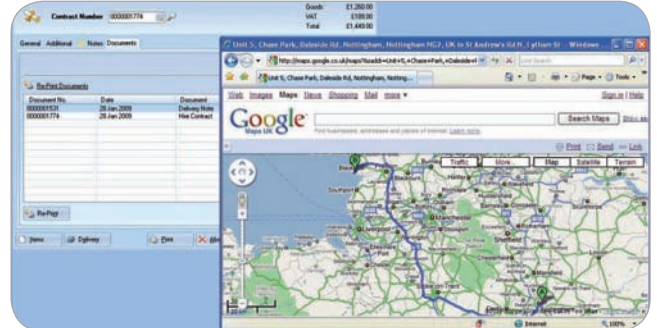

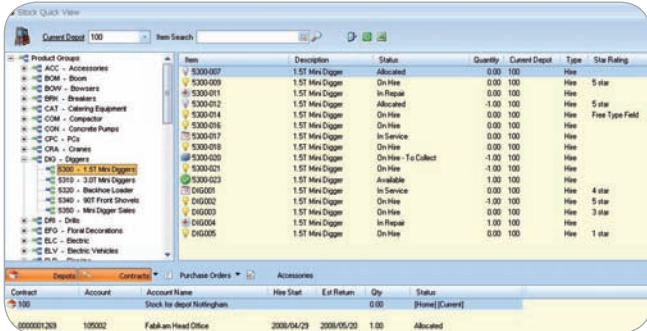

3. The right choice

When you buy, you need to be able to buy with confidence. First of all, this is not a generic product; it was specifically designed for rental companies like yours. Secondly, we guarantee you won't find a better product of this kind, for this price and with this level of functionality. Read on and take a look for yourself. And if you're still not convinced, give us a call and we'll answer any queries you've got.
